PARMAR KRISHA VINODBHAI

Integrated M.Tech Computer Science & Engineering | Aspiring Software Developer

Gujarat, India | 25amtics0004@gmail.com | github.com/krisha1314git

PROFESSIONAL SUMMARY

Integrated M.Tech Computer Science and Engineering student with academic project experience in PHP/MySQL web development, Python text-to-speech applications, and QR-based message sharing. Interested in building practical, accessible digital solutions.

EDUCATION

Integrated M.Tech in Computer Science & Engineering

Enrollment Number: 202506101410004

TECHNICAL SKILLS

Web development:	HTML, CSS, JavaScript, Bootstrap, PHP
Programming:	Python, Java, PHP
Database:	MySQL, SQL, CRUD operations
Tools & concepts:	GitHub, XAMPP, PDF text extraction, text-to-speech

SELECTED PROJECTS

MOGAL KRUPA - Clothing & Footwear Product Catalog

PHP, MySQL, HTML, CSS, JavaScript, Bootstrap

Built an academic clothing and footwear catalog with an admin module for products, categories, and offers.

PDF to Speech Converter

Python, PyPDF2, pyttsx3, Tkinter

Created a Python-based tool to extract text from PDF documents and convert it into spoken audio.

QR Message Sharing

Python, HTML, QR Codes

Developed a QR-code-based message sharing project with a Python script and a simple web interface.

Personal Portfolio Website

HTML, CSS, JavaScript, GitHub

Designed a responsive personal portfolio with project listings, mobile navigation and contact links.
